

Protector Alarms (UK) Ltd.

RoHS and WEEE Product Compliance Policy

The European directive on RoHS and WEEE identifies measures which need to be taken for prevention of electronic and electrical waste and the need to reduce the disposal of such waste.

The Following product groups manufactured by Protector Alarms are exempt as category 9 product of directive 2002/96/EC: Annex 1B from the WEEE regulations and by implication from the RoHS regulations:

- The full 90"x" range of control panels and associated peripherals.
- The full Mx range of intelligent control panels and associated peripherals.

Wheelie bin logo.

The presence of this logo indicates that the product should not be placed in the general municipal waste and that it should be segregated for separate collection.

Separately collected WEEE product is to be sent to approved recycling or disposal operators for safe recycling, recovery or reuse.
